Democratic Ticket

ELECTION TUESDAY, NOV. 2d.

For President
JAMES M. COX
of Ohio.For Vice President
FRANKLIN D. ROOSEVELT
of New York.For Member of Congress
H. D. FLOOD
of Appomattox

Mr. Flood's speech to the Democrats at the Courthouse Saturday evening was convincing and aroused much enthusiasm. The house could not hold the crowd, although no notice had been given of the meeting. He is now in the city, and other sections of the State. All Appomattox Democrats are expected to present themselves at their respective precincts next Tuesday, Nov. 2d, and vote the straight Democratic ticket without scratching any of the nominees. You cannot do less if you are a Democrat. If your wife is registered, bring her along and we are sure she will vote for the party of peace and economy.

Highway Department Getting Busy

With the rapid development and radical changes in highway transportation in recent years, types of roads built from 1906 to 1918 by the State Highway Department, cooperating with the counties, under the system in force until the establishment of the State System by the Assembly of 1918, have proved wholly inadequate in meeting existing traffic conditions.

This was today pointed out by State Highway Commissioner Coleman in announcing the number of miles of improved roads constructed by the Department in the Lynchburg-Danville-Roanoke section. Under the old system, Commissioner Coleman said, ordinary waterbound macadam, and in many instances soil and sand, high ways were built, and time has shown that construction of this type will not stand up under the heavy highway traffic of today. It should also be remembered by the public, the Commissioner said, that although there has been constructed in one-half the one hundred counties of the State something over 5,000 miles of the types of road mentioned, very few of these sections have actually been completed, and what might be termed "through highways". Even where this is the case, it is pointed out, it is exceedingly difficult to maintain the macadam and gravel roads under existing traffic conditions, even where they have been surface treated.

The Highway Department is, however, making every effort to maintain such of these roads as have been made a part of the State System, the general plan calling for the resurfacing of these roads with higher types of construction as soon as adequate funds therefor are provided. The Commissioner, in a recent statement to the press, submitted estimates showing that under the present financial plan made by the general assembly it will take from sixteen to eighteen years to construct the roads laid out by the General Assembly in 1918. Should the amendment to the constitution, to be voted on in the November election carry, and the General Assembly of 1920 issue bonds, the work can be accomplished within a period of six years, according to careful estimates made by officials of the Department.

In the Lynchburg-Roanoke-Danville subdivision, a soil road between Danville and Martinsville has been completed and a section of six miles west of Martinsville is under contract. In conjunction with Henry County, there has also been completed a section running south to the Carolina border and north to the Franklin County line.

Has under contract a section of bituminous road from Danville south to the North Carolina line, and has just completed a section north from Danville. It is the intention of the Department to let another section between Danville and Chatham during the coming spring, and it is understood plans are being perfected whereby the Department, in connection with the counties of Pittsylvania and Campbell, and private interests, will be able to let to contract the section from Chatham north to connect with work which is now under way south from Lynchburg.

Has under contract a section of road between Lynchburg and Rustburg, and will let an extension of this during the coming spring. Also expects to let a section of the road north from Brookneal.

Will let to contract shortly a section just west of Farmville on the Lynchburg road, and has under contract a section of bituminous road on the route between Lynchburg and Natural Bridge, through Greensboro. Expects to let to contract during the coming season a short section of road, together with the bridge across James River

Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took... medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

TAKE CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and... I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took... medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

TAKE CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and... I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.
